Farmhouse Burger Company is a producer of Home-Style Vegetable Burgers.

Our Home-Style Vegetable Burgers are made in small batches with simple ingredients typically available in kitchens alike. We mix, form, and freeze for you to cook as if they were made in-house.

Farmhouse Burger Company

Farmhouse Burger Company is a producer of Home-Style Vegetable Burgers. We got our start in 2015 after BBQ Pitmaster, Marc Mingrone, traded in Beef Brisket for Black Beans. A summer of too much meat turned him into a casual vegetarian. Disappointed with the current offerings in Restaurants and Grocery Stores, Marc was determined to make a *Better Vegetable Burger*.

Our Vegetable Burgers are “Home-Style” in the sense that they are not pre-cooked, dense, hockey-pucks and they certainly aren’t made in a science lab! We use simple ingredients typically found in a kitchen. After mixing and forming, we freeze the “raw” patties to be cooked up fresh as if they were made in-house.
